PRODUCTION REVIEWS

“A pastor (played by Andy Phillips) strode onstage and welcomed everyone to my memorial service... I was both rattled and tantalized by the whole experience.” *The LA Times* on *The Hereafter Institute*

“Andy’s film *Words* is an incredibly inspiring film about stuttering, poetry, and achieving your dreams!”
callmeadam.com

“Andy is really a delight, he is a solid professional and he and Gloria both handled some rather difficult moments in the play quite well.” *reviewfix.com* on *Eurydice Descending*

“... a play of such a rare emotional caliber that it left the audience speechless.” *stagebuddy.com* on *Eurydice Descending*

“One of the many highlights in the show was the climax when Della and Jim (Andy Phillips) are exchanging their gifts. It wasn’t sad or depressing, but cute and funny - even manic, leaving the story on a high note.” *perfcsl.com* on *The Gifts of The Magi*

“The Lost End is a compelling psychedelic drama that stars Andy Phillips... it exhibits passion and care.”
